

April Meeting Date: April 26th

Professional Services Division

February 14, 2007

Due to the large number of accreditation visits scheduled for Spring, staff realized that it would be impossible to present all of the accreditation visit reports at one meeting (May). The members of the COA were polled by e-mail as to their availability for an additional COA meeting to be held in April. The agreed upon date was April 26, 2007.

Staff is requesting COA action on this matter.
